

# Summer Camp for Teachers

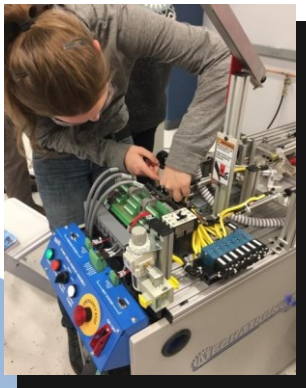

August 6th—8th, 2019

**CTLE credits** provided through the GCRTC  
(Greater Capital Region Teachers Center)

**LOCATION:** SUNY Polytechnic Institute, 257 Fuller Rd, Albany, NY 12203

NEATEC presents a **FREE**, 3-day workshop for School Administrators, High School, Middle School teachers and Community College Faculty.

Interested in advanced science and technology? Registration is limited to 20 participants. During this three-day program participants will learn about semiconductor and nanotechnology through hands-on experiments and technical demonstrations, activities include lectures, discussions, hands-on experiments, and scientific instrumentation trainings.

## REGISTRATION:

<http://bit.ly/2Jfyqha>

## QUESTIONS?

Please contact Mary Ann Nickloy at  
[mnickloy@sunypoly.edu](mailto:mnickloy@sunypoly.edu)

EVENT BEGINS AT **8AM**, ENDS AT **4PM**

BREAKFAST AND LUNCH WILL BE INCLUDED

Participants will have the unique opportunity to explore science inquiries and to perform experiments using scientific methodology and techniques.

Attendees will explore the amazing effects of nanoscale phenomena illustrated by the hands-on activities and demonstrations related to but not

limited to the following topics:  
Thin Films,  
Ultraviolet light and opacity, super hydrophobic surfaces, and Atomic Force Microscopy
